Barn Buddy Shipment Organizer

Coordinate Shipments and Save!

If you are a barn owner or manager who already has SmartPaks coming to the barn you can coordinate the shipments to manage deliveries and save on shipping costs with Barn Buddies. Just take a moment to count the SmartPaks that you have on hand for each horse, and fill in the chart below. A SmartPak Product Specialist can then help to find the best delivery dates that will prevent you from receiving shipments too early or too late. You can reach the SmartPak Product Specialists at 1-800-461 –8898, Monday through Thursday 8:30am to 8:00pm EST and Friday 8:30am to 5:30pm EST.
